

Northwest Child Development Centre

Working together with families, collaborating with communities, strengthening the region

Northwest Child Development Centre Requires an Infant Development Consultant Smithers, Telkwa and Houston

**This is a temporary part time (28 hours/week) position to start as soon as possible until June 7th, 2023
(leave coverage)**

Job Summary:

The Infant Development Program Consultant works with children birth to three years of age who have or may be at risk for developmental delays and their families. The Consultant provides assessment of development and planning of activities in the home and community that will encourage the growth and development of infants/toddlers. The Consultant works as a member of a family centered, interdisciplinary team providing collaborative services for young children and their families.

Qualifications & Requirements:

- Minimum Bachelor's Degree in a field related to early childhood development (such as psychology, education, nursing, social work, child, and youth care).
- Knowledge of early intervention and/or child development.
- Demonstrated practical experience working infants/toddlers with developmental delays or those who require extra support with their development, their families, and other related professionals.
- Experience in working with families in a family centered approach.
- Knowledge of appropriate local community, regional and provincial services/ programs for young children and their families.
- Training and experience in group facilitation.
- Effective communication and interpersonal skills.
- Self-motivated, well-organized, flexible, and excellent teamwork skills.
- Computer skills (word processing, data base recording).
- Criminal Record Check Clearance -required.
- COVID 19 Full Vaccinated – required.
